

***Leading in Employee Satisfaction***, The Puratone Corporation is committed to providing a rewarding work experience for high performance individuals. Creative input from all members of our team is valued.

### **Animal Care Technician**

The position is based at Killarney Shamrock Genetics, a 1,240 sow farm, located near Killarney, MB. The successful applicant must possess an aptitude for the care and handling of animals, good communication skills and the ability to work as part of a highly productive team. Duties will include the provision of quality care to all pigs housed in the facility, shipping and receiving of pigs to the facility, treatment of sick pigs and minor maintenance work. Scheduled rotational weekend work is required. Individuals new to the industry are encouraged to apply, as we offer an extensive training program. This position offers a competitive starting wage of \$12/hr depending on experience.

Interested individuals are asked to forward a resume or letter of interest by Friday, June 25, 2010 to:

The Puratone Corporation  
Box 460  
Niverville, MB ROA 1EO
