

The Puratone Corporation is a progressive leader in Canada's Animal Nutrition, Hog and Poultry Industry. Our company is committed to providing a rewarding work experience, where self-motivated individuals flourish and creative input from all members of our team is valued.

Animal Care Technician

The position is based at ASR Ltd, a 50,400 nursery farm, located near LaBroquerie, MB. The successful applicants must possess an aptitude for the care and handling of animals, good communication skills and the ability to work as part of a highly productive team. Duties will include the provision of quality care to all pigs housed in the facility, shipping and receiving of pigs to the facility, treatment of sick pigs and minor maintenance work. Rotational weekend work is required. Individuals new to the industry are encouraged to apply, as we offer an extensive training program.

Interested individuals are asked to forward a resume or letter of interest to:
